

Academia was founded in 2005 as a regional language school for companies and individuals. Today Academia presents itself as one of the largest providers of educational services in Switzerland - with currently more than 1,200 employees at over 40 locations. Today academia is divided into the divisions Academia Languages, Academia Nachhilfe, Academia Matura, Academia Integration and the crèche small foot.

With our Academia Matura programme we prepare young students for the International or Swiss Matura, the Federal Professional Matura and the supplementary Passarelle.

We are currently seeking to recruit: **English speaking teacher for Mathematics**

Start date: by agreement
Department: Academia Matura
Workload: varies (a minimum of 20%)
Location: Bern

We offer:

- The possibility of teaching different types of lessons at different levels
- Professional accompaniment and discussions of the lessons held
- Internal workshops for further training and exchange within the team
- Flat hierarchy and a young and helpful team

What you should bring with:

- Extended subject-specific and interdisciplinary knowledge
- A diploma/Bachelor degree in Mathematics
- Teaching experience
- English speaking professional
- Didactic and pedagogical skills
- Support of the pedagogical concept
- Confidence in the potential of young people
- Fun and passion for positive teaching
- Efficient operation
- Team orientation and commitment
- An open and sympathetic nature
- Ability to think ahead and work with foresight
- Flexibility and empathy

Are you an independent, flexible and reliable personality, who wants to share your knowledge with a lot of joy and dedication. It is easy for you to work in a team as well as independently. Then we should get to know each other.

We look forward to receiving your complete online application from by email to Karin Altorfer, Pedagogical Manager (personal@academia-group.ch).
